SAMA

Designed for sport climbing, the SAMA harness is comfortable for both gym and outdoor climbing. The elasticized leg loops provide a dynamic fit and the waistbelt is flexible and slimmer in front to give great freedom of movement. Four gear loops provide sufficient space for the required gear.

Elasticized leg loop straps and flexible connection straps allow maximum mobility.

Padded waistbelt and leg loops provide comfortable support.

Two rigid gear loops in front and two flexible ones in back for carrying the required gear.

Short Description Harness for climbing in a gym, at the crag, or on multi-pitch routes
