ACTIK® CORE

The rechargeable ACTIK CORE headlamp offers 450 lumens of power, which, along with its multi-beam design, makes it ideal for dynamic outdoor activities like mountaineering, running, hiking and backpacking. Red lighting preserves night vision and prevents members of a group from blinding each other. The reflective headband provides night visibility. ACTIK CORE comes with the CORE rechargeable battery and is also compatible with three AAA/LR03 batteries (not included), thanks to the HYBRID CONCEPT design. Mounting accessories allow the lamp to be attached to any kind of helmet, or to a bicycle.

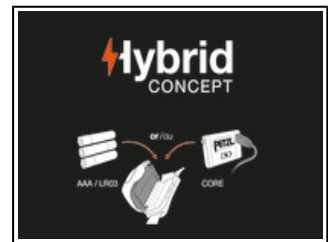

Multi-beam headlamp designed for proximity lighting, movement, and distance vision. White lighting, or red for nighttime stealth.

Easy charging via battery with micro USB port.

The reflective headband provides night visibility.

HYBRID CONCEPT design: ACTIK CORE comes with the CORE rechargeable battery and also works with three AAA/LR03 batteries.
