## ZIPKA®

Simple and ultra-compact, the ZIPKA headlamp offers 300 lumen brightness and a flood beam for proximity lighting and some movement. Its self-adjusting retractable cord, a Petzl patent, makes it extremely compact, and offers several possibilities for wearing or mounting. It is useful for outdoor activities such as camping, hiking or when traveling. The phosphorescent reflector helps you find it in the dark, and the red lighting prevents members of a group from blinding each other. ZIPKA is also compatible with the CORE rechargeable battery, thanks to the HYBRID CONCEPT design.

Uniform flood beam for comfortable close-range vision. White lighting, or red for nighttime stealth.

Very compact headlamp.

Exclusive retractable cord system for more wearing options.

HYBRID CONCEPT design: ZIPKA comes with three standard batteries and is also compatible with the CORE rechargeable battery.

---

**Short Description** Simple and ultra-compact headlamp for proximity lighting and some movement. 300 lumens

---

- Selling Points**
- Ultra-compact and lightweight: only 66 g
  - Easy to carry and wear:
